

The NWS Shipping Theatre's expansive windows offer great natural light with views of the water and award-winning architecture of WA Maritime Museum.

Close the curtains and it becomes an intimate, contemporary theatre space that is perfect for lectures, film screenings, professional presentations, product launches, staff training, community talks or events.

The Theatre features modern equipment; reputable audio-visual technicians can be recommended for events with more complex requirements.

Add a unique touch to your event—let us arrange a special after hours viewing of the Museum so your guests can explore our treasured maritime artefacts, such as *Australia II* and the *Parry Endeavour*, while discovering Western Australia's ocean-centric culture.
