These photo cards can be cut out to use with the visual checklist template. Read about each gallery on our website to help you decide where exactly you want to go. Then cut out the cards for the galleries you want to explore and use them to help you structure your visit. The borders of the gallery picture symbols are coloured. These colours match the level each gallery is located on. **Red=Ground Level**, **Orange=Mezzanine**, **Yellow=Level One**, **Blue=Level 2** and **Green=Level 3**.
