

Glass From the Past

Scavenger Hunt at Home

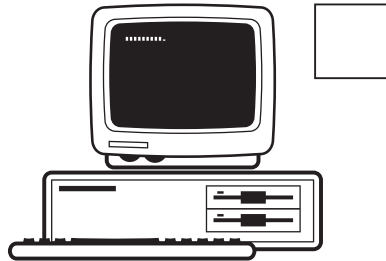

Glass was frequently used in the past in everyday items.

Can you find these items in your home or in your neighbourhood?

Ask an adult for help with your search!

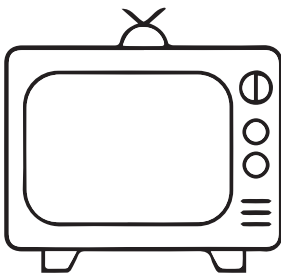

Glass bottle or jar

Old desktop computers

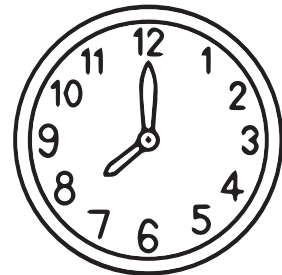

Glass marbles

Television

Kerosene lamp or lantern

Analogue clock

Are there any other items in your home that have glass in them?

Draw or write them below.

Some of the items above, such as glass bottles or jars, were made from glass in the past, but are made from different materials now.

Look at the jars or bottles in your house, what else are they made from now?

How do you know they are not glass?
