

Impress your guests with this expansive, light-filled event space at the western tip of the Museum, which features incredible views of the vessels entering and leaving the harbour.

The prestigious *Australia II* Gallery is home to its namesake, *Australia II*, the 12-metre-class racing yacht that won the America's Cup in 1983 whilst sailing for Royal Perth Yacht Club.

Suspended overhead is *Parry Endeavour*, the 14-metre sloop that WA yachtsman Jon Sanders departed Fremantle on in 1986 and took him across 131,500 km of ocean, earning him a world record triple circumnavigation of the world.

With sparkling Fremantle Harbor as a backdrop and a world-class collection of Western Australian maritime displays and artefacts, the *Australia II* Gallery offers a truly unique and extraordinary corporate function, wedding or community event space.
