Website: museum.wa.gov.au/education

Contact: Customer Relations Officer

Purpose of the Excursion

The WA Shipwrecks Museum is recognised as one of the most important maritime archaeology museums in the southern hemisphere. It houses exhibitions related to the early European exploration of Western Australia and historic artefacts from the many shipwrecks along our treacherous coastline. This includes the reconstructed hull timbers of the *Batavia*, wrecked in 1629.

The WA Shipwrecks Museum offers a range of facilitated programs across developmental levels led by our experienced Learning and Engagement team. A variety of self-guided experiences are also available for schools that wish to explore the Galleries and local surrounds on their own. Both facilitated and self guided programs support the Western Australian Curriculum, particularly in the the area of Humanities and the Social Sciences.

Environment

The WA Shipwrecks Museum is located on the corner of Cliff Street and Marine Terrace, and overlooks the Fremantle Esplanade.

Within the Museum site

The Museum galleries are housed in a convict built commissariat (Government store) building. There are two levels, accessed by staircase or lift. Ramps and lifts are both suitable for disabled access. Please advise us if you have any participants with special needs so we can maximise the benefit of your visit.

Toilets are located on the ground floor of the WA Shipwrecks Museum. They include a unisex disability access toilet.

A drinking fountain can be located in the walkway that runs alongside the Museum building.

The Museum has very limited space available for storage of lunches and school bags. It is preferred that school bags are not brought on site and lunches are stored in a large tub, which can be stored in a designated area (Visitor Services Officers will assist). Please note that the area is not secured, and that other schools will have access to the same area.

Groups can eat morning tea or lunch on the lawn in front of the WA Shipwrecks Museum or in the Esplanade Park across the road.

The WA Maritime Museum on Victoria Quay is within 10 minutes walking distance of the WA Shipwrecks Museum and it is possible to visit both sites with the one excursion. Please refer to the Excursion Management Plan for the WA Maritime Museum.

Transport

Transport remains the responsibility of the visiting school.

The WA Shipwrecks Museum is an approximate 15 minute walk from the Fremantle Train Station. Trains run from Perth Train Station to Fremantle.

Drop-off and pick-up bays are available at the end of Marine Terrace, next to Esplanade Park. For further information about parking, please contact the City of Fremantle on 9432 9999 or fremantle.wa.gov.au

Students' Capacity

The WA Shipwrecks Museum caters for audiences from Kindergarten through to Year 12.

Our self-guided experiences take place in the Museum's galleries and grounds. Visiting the Museum provides students with an opportunity to engage with genuine artefacts and supporting interpretive material. In addition to static exhibits, there are multimedia and tactile opportunities for engagement.

A wheelchair is available for use. Please advise at the time of booking your excursion if one is required.

Supervisor/Supervisory Team

It is a requirement to provide a supervisory team for excursions to the WA Shipwrecks Museum. The school supervisory team must accompany the students throughout the excursion, actively monitor behaviour and intervene as necessary.

Visitor Services Officers are located throughout the WA Shipwrecks Museum, and while they will not undertake any role in a supervisory context, they will intervene where behaviour or activities put displays and/or the safety of individuals and other visitors at risk.

External Provider Information

Clearances

- Western Australian Museum Learning and Engagement team members have a current Working with Children Check.
- It is a pre-employment requirement that staff of the Western Australian Museum provide a National Police Clearance.

Current Accreditations and Qualifications

- Western Australian Museum Learning and Engagement team members are professional educators with varying levels of experience and qualifications. Staff members include primary and secondary specialists with teaching experience.
- Visitor Services Officers hold current senior first-aid certificates. First Aid kits are available throughout the Western Australian Museum public spaces.

Supervision Strategies

The Western Australian Museum requires the following supervision ratios, with a mandatory minimum of 2 supervisors per school supervisory team.

- Years K-2, minimum 1 adult to 6 students
- Years 3-10, minimum 1 adult to 10 students
- Years 11-12 (Museum only visit) minimum 1 supervisor with the group

It is compulsory that students in K-Year 10 are allocated to groups with a supervising adult for the duration of their visit to the Museum.

Identification of Excursion Participants

Identification of excursion participants is the responsibility of the individual school. It can be helpful to Museum staff if students are dressed in school uniform, for clear identification, and if the school supervisory team members wear a name badge.

Museum Visitor Services Officers are located in the foyer of the Museum at all times and wear a uniform and name badge.

Communication Strategies

Communication strategies between students and school supervisory team are the responsibility of the school. Please ensure everyone recognises the communication strategies. Please do not use whistles, two-way radios or mega-phones during your visit.

School supervisory teams are encouraged to bring a mobile telephone that they can be contacted on, and can use to call out during their site visit as necessary. Supervising teachers are asked to provide their mobile telephone number when booking their excursion, and to the front desk on arrival.

The Museum is equipped with a public address system which is centrally controlled from the desk in the main foyer.

Museum Visitor Services Officers are located throughout the galleries of the Museum and are in contact with each other and the desk in the main foyer via two-way radios.

Emergency Response Plan

In the event of an emergency it is essential that all school visitors take directions from Museum staff who will be wearing red or yellow hard hats.

The Museum is equipped with an Emergency Warning System. A siren will indicate an evacuation is underway. If evacuation is essential all visitors will be assembled at a designated safe area. Teachers are required to do a roll call and must immediately notify Museum staff if any students are missing.

It is suggested that school supervisory teams have access to a list of names of participating students, contact telephone numbers, student medical information and relevant health information of supervisors.

While all our Visitor Services Officers have first aid training, it is the responsibility of the school to provide basic first aid to the students. Our staff will assist if possible.

Briefing Students and Supervisors

You will receive a confirmation notice once you have made your booking.

On the day of your excursion, please inform the staff at the Museum's front desk of your group's arrival to confirm name of school, your mobile number and the numbers of students and adults.

School supervisory teams are encouraged to prepare students for the visit by outlining expected behaviour and learning outcomes.

Please note that photography may not be permitted in some temporary exhibitions – please check with staff if in doubt.

COVID-19

The Museum has a COVID Safety Plan in place, and we are following government advice.

For updated information on how COVID-19 may impact your excursion please visit:
