

Visual story:

Accessing the 'Reflections' Exhibit.

A step-by-step visual and written guide for visitors attending the 'Reflections' exhibit.

What is a Visual Story?

Visual stories are simple and easy to follow. They help people get ready for new places or situations by making things more predictable.

This makes the process feel familiar and reduces anxiety and stress.

Welcome to the 'Reflections' Exhibit, the exhibit that showcases the social history of our past through the many diverse perspectives who lived through it.

Walk through history of what life was like in remote Western Australia, through the many different cultures.

Venture into more of our vast, rich culture.

Step into one of the side nooks, and choose from one of the half dozen dramatised snippets of World War stories. Whether it is one of the women who lived and served still in Perth, or a returned soldier, or an Aboriginal person, many perspectives are there to be seen.

Read and reflect from our wall of love and loss letters.

Step out into the area that is all about the social enjoyments of WA's past.

Check out the video games we used to (and still do!) enjoy like Pacman.

We in WA have also had a history of enjoying sport too.

We also have a rich pop culture and music history.

WA MUSEUM
BOOLA
BARDIP

Come with your inner child and see an original carousel horse was from one of the merry-go-rounds at Percy Wright's Fun Fair, held at South Beach, Point Walter and Leighton Beach in the in the 1920s and 1930s.

Press a button to hear carousel music!

We hope you have enjoyed the 'Reflections' exhibit. Please explore the rest of the Museum!
